

TROUBLE SHOOTING

If you encounter problems with your TLI Digital Eyepiece DCM130 such as

- i) Blank Screen
- ii) Unable to install drivers

please uninstall the current drivers and then run the UpdateDrivers file on your CD. To run this file

- i) Open Windows Explorer
- ii) Open the path to the CD
- iii) Locate the UpdateDrivers file and double click to start
- iv) Follow the instructions on the screen.
